POULTRY MEETING.

Arrangements for Poultry Show Jan. 27 and 28 Nearing Completion.

The regular weekly meeting of the Brazos County Poultry Association was held in the office of Farm Demonstration Agent A. W. Buchanan at 7:30 o'clock last night, with President C. E. Jenkins presiding and a number of the members present.

The committee appointed to select a building in which to hold the poultry show to be held here on Jan. 27 and 28 reported that they had selected the Plasek building on West Anderson street, and had made arrangements for the use of same.

The finance committee reported that they were assured of ample funds to make the show one of the most successful of its kind ever held in Texas. The following have contributed to the fund and others have promised to help: First State Bank and Trust Company, \$10.

Forrest Jones Company, \$5.00.
Bryan Power Company, \$5.00.

Many merchants have expressed desire to contribute, but the secretary has not had time to get to them yet.

A resolution was passed that the leading poultrymen of the state be asked to take cognizance of the poultry show and to correspond with the secretary, and efforts will be made to make the show a decided success in every way.

President C. E. Jenkins reported that he would go to Houston tonight and purchase or rent 300 coops for the exhibit.

The premium list as arranged by the committee was adopted and appears at another place in this paper.

The meeting was then adjourned until next Tuesday night.

MASONIC BANQUET.

One of the most pleasant affairs in lodge circles, held in this section in years, was the elegant banquet given at Hearne last night by Golden Rule Lodge No. 361, A. F. and A. M., after conferring the Master's Degree upon George W. Seale.

Twenty-two lodges were represented, from Oklahoma to the gulf, and from Austin to Tyler, as well as a number from Bryan.

Ninety-two were seated at the banquet table, where a five-course dinner was faultlessly served.

During the evening several of the brethren responded with impromptu speeches, which were greatly enjoyed.

Such occasions bring us closer together, and Golden Rule Lodge is to be congratulated upon the manner in which this delightful affair was carried out.

NOTICE.

Dr. W. S. Smith, osteopath, will be at Hotel Bryan Tuesday, Thursday and Saturday afternoons of each week.

**BIG WRESTLING
BOU scheduled**

Pet Brown of Taylor, the celebrated middleweight champion wrestler of the world, will meet Cyclone Mitchell at the Colonial Theater in this city, Tuesday evening, Jan. 18, at 8:30. The arrangements for the bout were concluded today and the Eagle was authorized to make the announcement of American lives.

"Of course, we must consider those resolutions," said Senator Stone tonight. "They are on the calendar, and must be disposed of. I do not know the sentiment of the committee, but I see no objection to congress having all information called for in the resolution of Senator Smith or the amendment by Senator Lodge."

"I talked to Secretary Lansing about the sinking of the Persia, but we can do nothing with that until we get all the facts."

Goes Right into Disturbed Conditions, Taking Hold With a Firm Hand.

(By Associated Press.) Washington, Jan. 4.—President Wilson returned this morning from his honeymoon and immediately began investigating the sinking of the Persia. He conferred with Secretary of State Lansing and Chairman Stone of the senate foreign relations committee, and in the absence of detailed information on which to base the next step, canceled the cabinet meeting to have been held today.

Secretary Lansing was instructed to gather all the information available in the sinking.

A. AND M. ATHLETICS.

Basket Ball Practice On—First Game Friday Night.

For the first time since Dec. 20, 1915, Kyle field was the scene of athletic activities this afternoon when Coach Graves put the A. and M. basketball five through a strenuous workout in preparation for the first game of the season next Friday with the Sam Houston Normal five. The Huntsville boys last year had a strong team in the field. A. and M. whipped them in every engagement.

The Aggies have practically all of last year's men back as candidates for positions on the five and should put a winning combination in the field.

While the men were not in the best possible condition (too much Christmas eats) they stood today's workout well and promise to be in fine trim for Friday's game.

**KEEP DOWN THE MUD
IN THE BARNYARD.**

While we're talking about making and saving the farm manure, now is a good time to emphasize, too, the necessity and importance of keeping the barnyard free of mud as possible during the winter months. Mud and filth in barnyards are, we believe, most largely due (1) to bad drainage; (2) lack of sufficient stall room and the consequent excessive tramping of live stock on a limited area, and (3) lack of sufficient straw or other absorbent material. Correspondingly, the extent to which these contributing causes are removed will determine whether we are to have decent barnyards or be compelled to wade through a quagmire of slush and filth.

Of all the factors that contribute to the making of the barnyard unspeakable, bad drainage comes first. Given a yard that sheds reasonably fast the water that falls upon it and on which no outside waters are allowed to run, and there is no reason why it should become a sea of mud with the coming of the winter rains. However, if the present location of the barnyard cannot be drained and outside waters cannot be kept off it, we would simply advise moving it to a more suitable location. Life is too short to waste, ruining tempers and good shoe leather wading through avoidable filth. Then purely as a business proposition, it will pay us to have a dry stall every night for every horse and cow on the farm. The place for livestock is either at work, in a pasture or in a stall, and not wading around making mud in a lot. Finally, as a sort of antidote for the little incidental tramping that may be unavoidable, try some straw, or several wagon loads of coarse, clean sand.—The Progressive Farmer.

UNCLE DAVE FOSTER DEAD.

Friends and relatives here and at Steep Hollow were apprised today of the death of Uncle Dave Foster of Steep Hollow, one of Brazos County's oldest residents, which occurred at the home of his daughter, Mrs. Lucy Wilson at Thorndale at 1 o'clock last night. Mr. Foster had gone to visit his daughter before Christmas and seemed in good health, but was stricken shortly after his arrival in that city.

The Eagle was unable to learn the funeral arrangements before going to press. A more extended notice will appear later.
